FROM HÜRLIMANN BREWERY TO A SPA SANCTUARY

RELAX ABOVE THE ROOFTOPS OF ZURICH

The source of the Zurich thermal spring lies deep underground below the city of Zurich. The thermal water from the legendary 'Aqui' source provides valuable minerals and soothing warmth, ensuring relaxation and well-being.

THE WORLD OF THERMAL WATER

Deep inside the mountain, you can bathe under hundred-year-old vaulted ceilings in huge wooden barrels, reminiscent of the barrels used at the former brewery, and enjoy the thermal water in numerous forms. The emerald bath, a meditation pool, and the steam room and Kneipp area all provide pure relaxation. Our highlight is located on the roof of the brewery. In Zurich's highest roof pool, you can swim with the city stretching out below you.

THE 'IRISH-ROMAN' SPA RITUAL

Enjoy a unique circuit around the 'Irish-Roman' area. Here, various ancient bathing cultures are combined in one unique, relaxing cleansing ritual. A touch of luxury, surroundings steeped in history and a limited number of guests give this bathing ritual a feeling of intimacy and a particularly special atmosphere.

OPENING TIMES: DAILY 9:00 AM TO 10:00 PM

Reservations for day passes are not possible. Every Tuesday is Ladies' Day – no entry for men to the 'Irish-Roman' spa ritual and treatment bookings are not available on this day. The facilities close 30 minutes before the centre closes. Please be aware of possible waiting times.
